PROJECTS

EXTRACT

During my work experience, I have had the chance to meet and co-work with fantastic people who have contributed greatly to who I am today as a professional and a human being and, from whom I have learned the key to success: EFFORT !!

I give a specially high value to the sense of responsibility, the job well done, the time awareness and the team work.

6 YEARS EXPERIENCE

2014 - now

LEAD ANDROID DEVELOPER Glownet

We develop a beautiful NFC cashless app to help beautiful music events like Sònar so the attendees care nothing but joy.

2012 - 2014

SENIOR RND DEVELOPER Samsung

Development around a NFC transportation pilot using tools like sniffers and being familiarized with all the ecosystem around: MNOs, SD issuers, TSM, Cloud SE, HCE...

2011 - 2012

RND DEVELOPER Treelogic

Research: Augmented Reality, Mobile Techs.
Mobile App development: iOS, Android, WM, WP.
NFC payments and mobile integration.

EDUCATIONAL VALUE

2007 - 2011

ITECHNICAL TELECOM ENGINEER

UNIVERSITY OF OVIEDO
